## HONOR TO HANNA

His Likeness to Adorn Panama Canal Bonds.

McDonald, Alleged Murderer of Sarah Schaffer, Baptized—Fire at Ashland, Ky., and Brockport, N. Y.

FLASHES FROM THE WIRE

Washington, Feb. 24.—Senator Hanna's picture will probably be engraved on the Panama construction bonds, which will be issued by the treasury department. It is held this will be a tribute to his devotion to the canal legislation.

ALLEGED MURDERER CON- VICTED.

Bloomington Ind., Feb. 24.—James McDonald, charged with the murder of Miss Sarah Schaffer, the school teacher, at Bedford, Ind., was taken to the Christian church, handcuffed, today and joined the choir by immersion. He says he will now leave his case with Providence.

FIRE IN ASHLAND.

Ashland, Ky., Feb. 24.—Fire occurred in the drug store in the Ventura hotel building early this morning. A panic among the guests was narrowly averted. Many fled into the streets half-dressed. The loss is seven thousand dollars.

BIG BROOKPORT FIRE.

Brookport, N. Y., Feb. 24.—The fire in the business section this morning did over one hundred thousand dollars worth of damage.

AGAINST HANGING WOMEN.

Cincinnati, O., Feb. 24.—The trial of Mrs. Anna Oppenheimer, of Russellville, Ky., charged with the murder of her infant, was resumed in the criminal court examination of prospective jurors continues. Colonel Max Fleischmann, the mayor's brother, was excused, he declaring himself opposed to the capital punishment of women. The prosecution claims to have some surprises in store.

TO SERVE LIFE SENTENCE.

Hopkinsville, Ky., Feb. 24.—John Wooltruff and Francis Drake were today taken to the Eddyville penitentiary to serve life sentences for the murder of R. H. Coffey, at Empire mines.

FIRE IN ALABAMA.

New Decatur, Ala., Feb. 24.—The Casa Grand block burned last night. Loss two hundred thousand dollars.

## CONVICTS ESCAPE

TWO GOT OUT OF THE FRANK- FORT PENITENTIARY.

Frankfort, Ky., Feb. 24.—Tom Mann, of Mayville, who was serving a sentence of fifteen years for manslaughter, and John Fairchild, of Lexington, sentenced to five years for grand larceny escaped from the penitentiary here. Both men are negroes, and Mann recently had a narrow escape from being lynched in the Mason county capital, the troops being called out to protect him.

Their escape was not discovered until the men were called for assignment to the shops. The prisoners were locked in adjoining cells, and after tunneling their way into one of the cells, pried open the cell door with a crowbar which they had secreted and escaped into the yard, from which they managed in some way to scale the walls that surround the prison.

A message from Georgetown states that Mann has been arrested. Fairchild also was captured, but managed to make his escape.

DISTILLERY COMPLETE.

The new building above Mechanicsburg erected for Dr. Hessig and Mr. W. N. Levan's distillery has been completed, and some of the machinery has arrived. It is hoped to have it running next month.

## PEMBROKE BUTCHERS

Will Be Removed From Paducah Jail Tonight.

They Will Be Taken to Hopkinsville to Be Tried There.

HAVE BEEN HERE SOME TIME.

Officials at the county jail this morning received information that this evening Sheriff Davis, of Christian county, and deputies will arrive in Paducah to take back to Christian county the seven Pembroke negroes who have been in jail here for several weeks for safe keeping.

The negroes, it will be remembered, butchered an unknown man who was asleep in a fire near Pembroke last November. He was struck in the head, had his throat cut from ear to ear, and then his face was mutilated and his clothing burned so it was impossible to identify him. His name has never been learned.

One of the alleged murderers confessed to the crime a short time afterwards, saying that robbery was the object, and seven of them were arrested. Three have been sentenced to be hanged, and the trials of the others come up at Hopkinsville this week, hence they are being taken back, some for trial and some as witnesses.

They have been good prisoners since their incarceration here, and all claim to be innocent, except the one who confessed, and he only "looked on" while the others did the killing.

## RUNNING AT LAST

SEACOAST COMPANY BEGINS UNDER PROSPEROUS PROSPECTS.

The Seacoast Mineral company, which erected a large building in Mechanicsburg a year or more ago and before it could get a start was forced into lengthy and costly litigation, is now running well, with prospects of continuing permanently.

Mr. L. C. Garrett, the promoter, has been working hard at the plant for the past several months, and yesterday for the first time got things going, and last night and today everything has been running smoothly.

There are on hand 500 tons of ore to separate, and there is a contract for 1200 tons in all, which will be delivered as rapidly as possible. So far as can be seen, the plant will run regularly, and the separator is a success.

The plant will be one of the most important in the state if it proves a success, which it promises to do.

## LOSES THE EMPEROR

HE WAS DEPOSED AFTER AN "ADVISER" REACHED HIM.

London, Feb. 24.—The report of the deposing of the Korean emperor Yi Hyung, may be accepted as a fact. Some days ago the Japanese government sent the prince of the imperial house of Seoul as "adviser" to the Korean government. No one in diplomatic circles had any doubt of what that meant or of what would happen to the weak emperor of Korea.

## BLEW OUT BRAINS

BRIDEGROOM SUDDENLY TAKES HIS OWN LIFE.

Owingsville, Ky., Feb. 24.—J. Taylor Allington, of near Blue Basin, twelve miles from here, committed suicide this morning by blowing his brains out with a shot gun.

Two weeks ago he was married to Mrs. Mary Robbins. Allington was fifty-two years old, and was one of the wealthiest men in this section.

Mr. Harry Judd, the pattern maker, is still ill and unable to be out.

## THE BEAR LOSES PART OF HIS TAIL===JAPS BLOW UP RAILROAD

The Emperor of Japan Has His Fleet In Control of the Sea.

There is Little From the Scene of Hostilities Except of the Preparations---Japs Land at Chemulpo.

## NEARLY ALL EUROPE NOW FOR RUSSIAN VICTORY

WAITING FOR THE CLASH.

London, Feb. 24.—There have been no startling developments from the scene of hostilities in the far east reached London to early evening. The meager news that came told only of the continued preparation for the great land battle near the banks of the Yalu river in Korea.

JAPANESE LANDED.

London, Feb. 24.—A dispatch from Seoul today states that between thirty and forty thousand Japanese have been landed at Chemulpo, and many of these have been advanced towards Ping Yang, which is being fortified.

EUROPE FOR RUSSIA.

London, Feb. 24.—It has been ascertained by the most careful investigation that the European public as a rule favors Russia in the campaign in the Far East.

Your correspondent yesterday polled all Europe through the correspondents showing that sympathy of almost all of Europe is with the Cossacks.

JAPAN TAKES KOREA.

London, Feb. 24.—The correspondent of the exchange telegraph company at Paris wires that it is reported there that Japan had proclaimed a protectorate over Korea.

JAPAN GETS LOAN.

Tokio, Feb. 24.—The Japanese war loan of a hundred million yen has been covered nearly four times over.

HEIR IS THROWN TO FIGHT.

Nice, Feb. 24.—Grand Duke Cyril, the Czar's cousin who is in direct line of succession to the throne of Russia, left Nice for the Far East today.

TREATY WITH KOREA.

Washington, D. C., Feb. 24.—The state department received advice today that Japan and Korea have concluded the negotiations of a treaty, guaranteeing to Korea her independence and integrity.

REPORT OF ENGAGEMENT.

London, Feb. 24.—A Russian report reached here that four Japanese battleships and two transports were sunk in an engagement off Port Arthur. The news comes from St. Petersburg and the dispatch adds that the Japanese attack was repulsed by Russians.

NO INFORMATION OF IT.

London, Feb. 24.—Baron Hayashi, the Japanese minister, has no information of the defeat of the Japanese vessels at Port Arthur and discredits the report.

Paris, Feb. 24.—An official telegram received from St. Petersburg announces the defeat of the Japanese with serious loss, at Port Arthur.

FAILURES IN EUROPE.

London, Feb. 24.—There was severe depression in European government securities today which resulted in three heavy failures in Paris, two in Berlin, one in Vienna and one in Lyons, France.

BATTLESHIP DESTROYED.

Chef, Feb. 24.—A steamer just arrived reports heavy firing last night in the direction of Port Arthur. The Russian consul here confirms the reports that four Japanese battleships were destroyed at Port Arthur. The fight occurred the twenty-third.

JAPANESE SHIPS ARRIVE.

London, Feb. 24.—A dispatch from Wheel Hal Wei states that four Japanese

battleships and nine cruisers passed there today bound for the East, evidently a part of the fleet concentrated about Port Arthur.

JAPANESE OFFICERS HANGED.

St. Petersburg, Feb. 24.—The Japanese who were hanged by Russians in Manchuria for attempting to blow up the railroad bridge over the Sangari river, were disguised as coolies. They were arrested just as they were about to make the attempt. Inquiry revealed that they were Japanese officers of the general staff, namely Colonel Asai, of the engineers, and Lieutenants Zonolaischa and Kaerita, of the Sappers. They were at once hanged from the girders of the bridge.

POLITICS ELIMINATED.

Tokio, Feb. 24.—The plan arranged for the emperor and imperial headquarters to move to Kyoto has been temporarily abandoned, and it is now thought better not to remove until after the closing of the special session of the Diet early in April. The inconvenience of removing the seat of government and convening the Diet at Kyoto is the reason assigned for the change in the plan. Small interest is manifested in the forthcoming election. The war overshadows all political questions just now. The country is united politically, and it is expected that the new Diet will fully support the government and cordially approve all measures concerning the war.

BLOW UP RAILROAD.

London, Feb. 24.—It is reported that seven miles of track and some important bridges have been destroyed between Harbin and Vladivostok.

It is confirmed that Russian scouts have left Wu for Ping Yang. Three thousand troops are reported on the right bank of the Yalu river. In view of the great activity displayed on the Korean coast there is no question that the Japanese are in full control of the sea and are making most of the advantage.

The steamer Tanchow from Port Arthur reached here at the Japanese bombardment of Port Arthur at intervals from the 8th to the 14th.

The correspondent of the Express at Peking says reports arrive daily of trouble along the Manchurian section of the Siberian railway. Bands of Chuchuses daily are harassing the outposts. They have repeatedly come in conflict with Cossacks whom they do not hesitate to attack. The Chuchuses are well armed and are urging the Manchurian population to revolt against the Russians.

## MUCH LUMBER.

THE BARRETT LEFT THIS MORNING FOR CINCINNATI.

The towboat Barrett, which had been laying up here for several weeks waiting for the ice to run out of the river, left today with a large tow of lumber for Cincinnati. It was one of the largest consignments of lumber ever brought up, and was somewhat reduced here by one of the barges being sent back to Cairo to be loaded more. It was claimed that it did not have enough lumber on it, and the I. N. Hook today took it to Cairo to be loaded better. When this is done it will be towed on to Cincinnati.

Alfred Klein, the well known comedian, is dead.

## JURORS WEPT

While Witness in the Jett Case Confessed.

A. C. Adams Said He Swore Falsely to Save Jett Because He Was Afraid.

NAMES OFFICIALS OF JACKSON

Cynthiana, Ky., Feb. 24.—There was a sensation in the court house here yesterday afternoon when A. C. Adams pleaded guilty to perjury and was given the minimum sentence of one year.

Adams was one of the principal witnesses for the defense at the trial here last September of Curtis Jett and Thomas White, convicted of killing J. B. Maroon and James Cockrill at Jackson, Ky. Adams was allowed to address the jury. While speaking he broke down several times. In making his confession in the open court room, he said he had perjured himself on account of the fear of being killed in Breathitt county afterward, if he testified to what he knew. He said that county officers and others had told him that he must aid Jett in proving an alibi or he and his family would suffer. He addressed the jury for 15 minutes, reciting the language used to him by prominent people at Jackson and the threats that were made before he testified. County Attorney Webster pleaded with the jury for mercy.

Several of the jurors wept while Adams was talking. The jury promptly returned a verdict with the minimum sentence of one year. There was much agitation about the court house after the brief trial on account of the names of judges and other prominent people mentioned by Adams while pleading guilty.

## IT WAS EASY

THIEF ROBS YOUNG LADY'S ROOMS OF JEWELRY.

New York, Feb. 24.—Jewel cases owned by the daughters of some of the wealthiest families in the east have been despoiled by a clever burglar who obtained entrance to a select school for young ladies at Pelham Manor, near this city. The robber made off with property worth more than \$3,000. The robbery occurred during the dinner. No one saw the interloper, who must have climbed to an upper story window. He had the house to himself, and calmly went from room to room, helping himself to diamond rings, watches and chains by the dozens.

When the girls returned there was a mild panic, and the police were hurriedly summoned, but the thief had made his escape.

## THE KAISER

SAID AGAIN TO BE HOPELESSLY ILL.

London, Feb. 24.—A Manchester dispatch again refers to the health of Kaiser Wilhelm, of Germany, and says that it is stated in one of the most distinguished houses in the west that the worst news may be heard any day. There seems little ground for hope.

## ARE NOT ALARMED

The Bills Proposed Will Not Hurt Paducah's Measures.

The Covington Man Was Not in the Conference Held at Frankfort.

WHAT HE PROPOSES TO DO

Mayor Yeiser and other city officials are not alarmed over the bills introduced yesterday at Frankfort by a member from Covington. Covington did not care to be represented in the conference held by representatives from other second class cities recently and her representative are therefore free to introduce anything they like without being accused of a breach of faith.

The bills proposed by Representative Hollen, of Covington, are:

One requiring the general council to make the city depository the highest bidder.

One making it possible to have two deputy jailers at a \$1200 salary.

One authorizing the licensing of all business in a city.

One fixing the salary of councilmen at \$5 a meeting.

City officials stated today that there is very little difference between these bills and the ones presented by Senator Campbell, of Paducah. The measure they propose regarding the city depository is that it shall be placed by the council with the presumption that the council will place it where it will be of most benefit to the city.

The bill as they understand it, relative to deputy city jailers, is simply that a city may have two if it wants them, and if it doesn't, it doesn't have to have them.

Most every business is already licensed hence this cuts no figure. The \$5 a meeting for councilmen is opposed here. It is deemed best by the members of local boards to allow second class cities to fix the salary of councilmen from \$3 to \$5 a meeting as agreed at the conference.

Those that desire the maximum \$5 can then have it, and those who prefer the minimum, \$3, can have it. They object to making it imperative to fix a five dollar salary.

## WAR AGREEMENT.

WHAT CORRESPONDENTS HAVE TO DO IN FAR EAST.

Paris, Feb. 24.—The Russian and Japanese war departments have agreed to the following regulations governing newspaper correspondents in the field:

Each newspaper and news agency is allowed one accredited representative with each force. Every correspondent will be allowed one interpreter and one servant and will be supplied with transportation and rations on an army scale for himself and his staff of two.

All dispatches must be submitted to an officer appointed to act as censor.

All correspondents will have to obey all army orders and regulations. Any correspondent infringing any regulations will be tried by court martial.

## ANOTHER NAME

IS WHAT RIVER MAN IS SUPPOSED TO HAVE GONE BY.

B. H. Plemons, the river man who died in the city hospital here yesterday, seems to be B. H. Layman, of Memphis. It seems he originally came from Madison, Ind., and was about 57 years old. He had been about the city for sometime, and claimed to Mr. James McNulty that he knew him, as Madison is Mr. McNulty's former home. He said his name was Layman, and that he has a wife and child in Memphis.

Mrs. W. J. Hills who has been quite sick from a gripple, at her home on Jefferson street, was better today.

## STATE NEWS

Henderson to Have New Street Car Line.

Excitement at Hartford and a Few Items From Mayfield.

### THE LATEST KENTUCKY NOTES

Hartford, Ky., Feb. 24.—Quite a sensation was caused by the finding of a body of an infant in an old well at Beaver Dam. The recent rains caused the water in the well to rise nearly to the top. Children playing about the well discovered a bundle of clothing floating on top of the water. The body of a male child was found. Around its neck was tightly tied a cloth. The body gave the appearance of having been in the water for about two months. The well is situated in front of an old railroad hotel at Beaver Dam. The verdict of the coroner's jury was to the effect that the infant came to its death by unknown hands.

### SUIT AT MAYFIELD.

Mayfield, Ky., Feb. 24.—S. L. Hutt suits Dr. J. E. Simmons for \$2,000 alleged damages for alleged incompetency as a physician. Plaintiff says that at Fulton he had an accident and his leg was amputated by Dr. Lutton. He says that Dr. Lutton performed his work in a skillful manner. That he was taken to his home and the next day defendant was called in. He says that by unskillful attendance blood poison set up and caused him great pain.

## HIGH PRICES

Have Resulted From the Increased Demand Everywhere

The Russian-Japanese War Has Also Served to Boost Prices.

### LOCAL PRICES PAID.

The remarkable turn of speculative interest to commodity markets within the past few weeks has had a most remarkable effect upon the cost of food-stuffs. This has been noted in all the review sent out from financial and market centers, but it has also been felt in other though less noted circles—in the ranks of the consumers.

A slight glance at the Paducah markets will serve to show the changes which have taken place since January 1.

The last review of Bradstreet's in which the figures for living were given showed that the month of January had made considerable strides in increasing the cost of life's necessities and nearly put the total to the highest figures of recent years. In these figures a list of all commodities used in clothing and feeding man are taken with the prices and an average total obtained. Any advance in the items makes a corresponding advance in the average.

On January 1 straight flour in the local market was sold for an average price of \$4.25; the average price today is \$5. In line with this it is seen that May wheat has advanced from \$1.10 on January 1 to \$1.07 on Saturday. The cash article has, of course, shown a proportionate gain.

Another important foodstuff is meal. This has advanced from \$2.45 per barrel to \$2.70 in the same length of time.

Ribs have advanced from 7c to 7 3/4 and last of the best compound which is much used from 6 1/2 to 7 1/4c. These are very important and staple products. While potatoes have shown the same tendency, rising from 85c to \$1.15 per bushel.

An article reviewing all the causes or even the principal ones which have led to these changes in the different staples would be extensive, but briefly it may be stated that a shortage in supply of one or two of the staples has turned attention to others and increased the demand for them. This process being repeated as each in turn was reached till the whole list has been affected. In this the prospect of war has been in a great measure aided.

For purposes of comparison the following list is appended as showing those articles in which the most marked changes have occurred. The present prices are compared with those ruling on January 1, 1904, to retailers from the wholesale trade:

Hens	\$4.00 vs. \$2.00 per dozen.
Onions	\$1.10 vs. 85c per bushel.
Cabbage	\$3.50 vs. \$2.75 per 100 pounds.
Apples	\$4.25 vs. \$3.75 per barrel.
Kraut	\$4.50 vs. \$3.25 per half barrel.
Flour	\$5.00 vs. \$4.25 per barrel.
Meal	\$2.70 vs. \$2.45 per barrel.
Ribs	\$7.75 vs. \$7.00 per 100 pounds.
Compound lard	\$8.50 vs. \$7.25 per 100 pounds.
Potatoes	\$1.20 vs. 85c per bushel.
Wheat—No. 2 red	\$1.05 vs. 85c.

## IN CREAL

SMALL POX CREATED EXCITEMENT BUT IS UNDER CONTROL.

Creol Springs, Ill., the summer resort, is said to have small pox in a virulent form and a death resulted there from it. The victim was a man named Westbrook, who was janitor of the public schools of that town. His death has caused considerable excitement among the citizens of the quiet little burg and extreme precautions are being taken against further spread of the disease. There are only about half a dozen other cases in the town and they are being well cared for.

It is believed that the efforts being made to stop the disease at its present stage will be effectual and there will be no more cases in Creol. Anyway no one need have any fear of going to the place under the present conditions.

Beware of the silent man; he may be a reformed prize fighter.

## SPECIAL TERM

List of the Prisoners Awaiting Trial Here.

There Are Two Murder Cases on the Docket—Nearly 10 Cases Ready.

### PRISONERS HAVE LONG WAIT.

The following is a list of the prisoners in the county jail who have been indicted and are now awaiting trial at the special criminal term of circuit court to be held beginning the third Monday in March. Some of them have been in jail many months unable to get a trial because their cases were not reached at the regular terms of circuit court.

In addition there are many who will be indicted when the grand jury meets April.

The ones already indicted are:

Willis Mount and George Day, murder; Gabe Fletcher and Dock Jackson, attempted robbery; Lewis Gardner, housebreaking; Tom Marton, malicious cutting; Tom Kelly, false swearing; Will Scott, malicious cutting; Arthur Crawford, grand larceny; John Uderwood, malicious cutting; Charlie Sanders, grand larceny; John Blake, grand larceny; Ed Wallbert, malicious cutting; Geo. Edwards, grand larceny; John Perry, grand larceny; Geo. Wyatt, forgery; Charlie Harris, attempted arson; Robert Fields, arson; Tom Woods, malicious cutting; Will Russell, forgery; James Scott, money by false pretenses; James O'Day, money by false pretenses; Jonas Smith, malicious striking; Lewis Smothers, malicious shooting; Jerry Clark, malicious shooting; John Henry, housebreaking; Harry Thacker, grand larceny; Henry Hobbs, scalding; Robert Reeves, grand larceny; Frank Lyons, malicious shooting; R. B. Brown, John Mann, Alonzo Bradley, false swearing.

## EXPRESS STOLEN

THIEVES ENTER THE I. C. DEPOT AT GOLCONDA, POPE COUNTY, ILL.

Burglars made a good haul at Golconda, Ill., thirty miles above Paducah, night before last.

They broke into the Illinois Central railroad station and express office, and stole packages amounting in value to about \$200.

There was a safe in the office, but it contained no money, and the thieves probably knew it, as they made no effort to crack it. It is believed the job was done by some one who was familiar with the place.

# SURE INDICATIONS OF BAD BLOOD

## OLD SORES ULCERS ABSCESSSES

There is no better evidence of a bad condition of the blood and unhealthy state of the system than a sore that won't heal, or a festering, discharging Ulcer or Abscess. There are many ways by which the blood may become contaminated and poisoned. A long spell of malarial fever or other debilitating sickness, the excessive use of mercury in certain diseases, inactive kidneys and torpid liver, exposure and lack of nourishing food, when the constitution and cause the system to become congested with impurities which are taken up by the blood, and wherever the flesh is bruised or scratched a festering sore or discharging ulcer begins. A boil or blister, pimple or burn often develops into a frightful loathsome sore because of the unhealthy condition of the blood, and the place will continue to grow and spread, finally reaching the bones and causing them to decay unless the blood is purged and purified and the system thoroughly cleansed of all morbid and unhealthy accumulations. This cannot be done with washes, salves and soaps, which only afford temporary relief.

Such things neither make the blood any purer nor the system any cleaner, and to depend upon them is suicidal and senseless. The sore or ulcer is only a symptom, an outlet for the poisons circulating in the blood, and as long as it remains impure the sore will never heal. It may sear over and appear to be getting well, but a fresh outpour of matter from the diseased blood starts it again, and thus it goes on, sometimes for years, slowly sapping away the life of the patient.

The only way to get rid of these disgusting evidences of impure blood is to remove the cause by purifying the polluted blood, and nothing does this so surely and effectively as S. S. S. It drives out of the circulation impurities and germs of every kind; and under the tonic effect of this great remedy the general health rapidly recuperates and broken-down constitutions are built up and strength and vigor are restored to all parts of the system. When S. S. S. gets into the circulation, impurities that have been clogging the blood and causing the old sore or ulcer, are driven out through the natural channels of the body and the place begins to heal, the discharge gradually ceases, new flesh forms and smooth, healthy skin hides all signs of the painful, sickening sore.

# SSS

S. S. S. is an entirely vegetable remedy, containing both purifying and tonic properties, making it the ideal medicine where the blood is out of order and the health undermined by some previous ailment, resulting in chronic sores, ulcers, boils, etc.

A sore that does not heal, no matter how small, will bear witness to a sure indication of bad blood, and may develop into something far more serious than a common ulcer. It may be Cancer. Through our medical department we are rendering valuable help to those afflicted with sores and ulcers of various kinds. Write us, and our physicians will advise you without charge.

## CHIEF CLERK QUILTS

A. R. MEYERS LEAVES I. C.—GEO. WARFIELD MAY SUCCEED.

Mr. A. R. Meyers, chief clerk to Mr. John Donovan, general agent for the I. C. Railroad company at Paducah, has resigned his position, effective March 1, to accept a position with the Friedman-Keiler whiskey house.

Mr. Meyers has been in the railroad service for many years, and his services have been most satisfactory to the Illinois Central. His position will be hard to fill and it is not known who will be appointed to fill his place.

Mr. George Warfield, cashier, is next in line of promotion, but Mr. Meyers' successor will not be known until Agent Donovan arrives tonight from New Orleans where he has been on a vacation.

## "No More Aches and Pains."

No. 828 Perdido Street,  
NEW ORLEANS, LA., March 27, 1903.

For over nine years I had been troubled with leucorrhoea. The discharge was yellowish at times but after the menstrual period it would become reddish, acid and exorciating. This exhausted my system. I was continually tired while my appetite was poor, my digestion very bad and my sleep fitful and feverish.

Wine of Cardui was the one remedy which helped me in my distress. I soon found that it relieved the pain and imbued me with new strength and after the use of 22 bottles I was well. No more discharge. No more aches and pains and oh, what relief, only those who have had my experience can appreciate the value of such a fine medicine as Wine of Cardui.

VICE-PRESIDENT, UNITED DAUGHTERS' INDUSTRIAL CLUB.

# WINE of CARDUI

Does not this letter convince the most skeptical sufferer that Wine of Cardui will bring her health? It is difficult to imagine a case where there are more discouraging features than this before Mrs. Moore began taking Wine of Cardui. Leucorrhoea is an inflammation of the vagina. It is really decay in the vital organs of womanhood. This inflammation often drives the patient into the direst stages of nervous excitement. At the menstrual period the continual itching is accompanied by the utmost agony. The life of the woman who lets this trouble run on as Mrs. Moore did is one of misery. But Mrs. Moore did not know what medicine to take to cure it. When she had Wine of Cardui brought to her attention she took it and continued the treatment until she was cured. The case was a chronic one and it took persistent effort to bring a permanent cure.

This cure can be secured by any woman who takes Wine of Cardui. Mrs. Moore tried everything else and continued to suffer. She tried Wine of Cardui and was cured. You can treat your case successfully in your own home and nobody need know anything about it. Secure a \$1.00 bottle of Wine of Cardui today and begin the treatment.

Mrs. Anna D. Moore.

## LOSSES EXCEEDS SPANISH-AMERICAN WAR.

Though the war between Japan and Russia has been waged for only ten days, the number of men reported killed in conflict or in the movement of troops is seventeen times the number killed in battle during the Spanish American war.

The number killed in battle alone, according to official reports, exceeds those killed in battle during the Spanish American war almost three times.

According to all reports the Russians have lost 4,512 men killed, frozen or drowned, 600 succumbing to cold in the attempt to march across Lake Baikal and 3,650 being drowned by sinking through the ice. In battle 892 Russians have been killed cut right Russia has killed 938 of her own men.

In the Spanish American war 290 men were killed in battle. In the navy but eighteen were killed in battle. Comparisons follow:  
**RUSSIAN LOSSES, OFFICIALLY REPORTED.**  
Killed—Battle of Chemulpo, 156; blowing up of torpedo transport Yencel, 95; blowing up of cruiser Flovry in 197; Port Arthur bombardment, 48; skirmishes near Yalu river, 86. Total loss in battle, 892.

Reported, not officially—Frozen in march across Lake Baikal, 600; drowned in Lake Baikal, 3,000; three torpedo boats sunk by land batteries at Port Arthur, mistaken for Japanese vessels, 50. Total, unofficially reported, 3,650.

Total, official and unofficial, 4,512.

**JAPANESE LOSSES, CONFIRMED REPORTS.**  
Killed—At Port Arthur, 4. Reported, not officially—Killed by Russian coasters in attempted landing near Port Arthur, 110.

Total, 114.

Grand total, both Russians and Japanese, 4,626.

**SPANISH AMERICAN WAR LOSSES.**  
Killed in battle, 290; died from wounds, 65.

During the weeks and months that followed, 80 officers and 2,185 men died from disease, induced chiefly by climatic conditions.

**PHILIPPINE WAR LOSSES.**  
Killed in battle and died from wounds, 1,005.

In the weeks that followed 2,552 died of disease, and the total casualties from all causes during a period of three years were 4,150.

## WILL THEY DARE? A BAD YEAR

Attorney Marcum's Wife to Sue Hargis at Jackson.

Reported \$100,000 Damages to Be Asked for Curtis Jett's Crime.

HE COMES FROM OKLAHOMA CONGRESS IS APPEALED TO

People in Kentucky will no doubt be interested in a dispatch stating that suit is to be brought against Breathitt county officers for the murder of Attorney James B. Marcum who was shot down at the courthouse door, and for which crime Curtis Jett is under sentence of death.

A Guthrie, Okla., telegram to yesterday's St. Louis Globe Democrat says:

"A hundred thousand dollar suit for damages is to be the outgrowth of the killing of James B. Marcum, in Kentucky, by Curtis Jett. Colonel T. A. Marcum, attorney at Muscogee, I. T., says that his sister-in-law, Mrs. James B. Marcum of Kentucky, will soon bring suit against Judge 'Jim' Hargis and Sheriff Callahan of Breathitt county for the above amount, owing to the death of her husband.

"The two defendants were judge and sheriff of the county at the time of the commission of the crime, and it is alleged Jett to kill Marcum. Curtis Jett is now under sentence of death pending an appeal. The damage suit of Mrs. Marcum will be brought in the federal court of Kentucky."

## A NEW PLAN

Proposed to Book Carnival Attractions Separately Here.

Committee to Go to Chattanooga to Investigate the Advisability of Plan.

ASSOCIATION MET LAST NIGHT

The Paducah Carnival association held a meeting last night at Hotel Lagomarsino, but did not select a director-general, nor elect an executive committee. A change in the management of the carnival is contemplated, and a committee composed of Messrs. L. A. Lagomarsino, Adolph Weil and Charles Weille leaves Sunday for Chattanooga, Tenn., to confer with the carnival committee there relative to securing the same attractions for Paducah that will be secured for Chattanooga.

It has been learned from experience that some of the attractions provided by the regular carnival companies are inferior and it is now proposed for the Paducah Carnival company to book its own attractions separately, and thus get what it wants, and in this way secure not only the best, but also the newest, and something not heretofore seen here.

Chattanooga which gives a big carnival every year, will try the plan this spring and if Paducah can get her attractions before or after the Chattanooga carnival, it is believed it will be a good thing. The carnival in Chattanooga will take place either before or after the one here.

The committee will return to Paducah Wednesday and then probably be ready to announce which plan will be selected this year, the one of booking the shows separately or of letting the contract to one of the carnival companies.

Last night Mr. Bert Hoss, a carnival promoter, was present and addressed the association and a lot of correspondence was attended to, including several letters from various carnival associations.

It is thought probable that next week the executive committee will be selected and the director-general appointed. Mr. L. A. Lagomarsino, who has been director-general of all the carnivals given here in late years, will no doubt be again this year.

### TO SPEND \$16,000,000.

Washington, Feb. 23.—The house committee on postoffice and postroads has completed the postoffice appropriation bill, which carries \$169,997,688. The appropriation last year was \$159,500,000.

The total appropriation for rural free delivery service is \$21,000,000. Last year this item was \$12,600,000. The salaries of rural free delivery carriers are increased from \$600 to \$720. This provision regarding rural carriers is inserted in the bill: "On and after July 1, 1904, carriers shall not solicit business or receive orders of any kind for any person, firm, or corporation, and shall not, during their hours of employment, carry any merchandise for hire."

A provision also is placed in the bill for the appointment by the president of a purchasing agent for the postoffice department. This change contemplates consolidating all four "supply" divisions now maintained under one head, and is intended as a measure of reform.

The postmaster general is also authorized to utilize the cars through the tunnels of the Illinois Tunnel company of Chicago for carrying the mails in that city.

The fast mail subsidy, amounting to \$28,000, between Kansas City and Newton, Kan., is continued. The item for railway transportation amounts to \$250,000,000, which is an increase of about 3 per cent.

The bill will be considered in the house about March.

### W. O. W. AT BENTON.

Mr. J. H. Brewer, state manager of the Woodmen of the World, spent last night in Fulton a guest of the lodge there, and at the meeting here tonight he will arrange for a big excursion to go to Benton shortly to install a lodge there.

## "BABY AND I WERE SAVED BY PAINE'S CELERY COMPOUND."

—MRS. F. M. HORN.

Story of This Burdened Mother's Bravery Throbs With Human Interest.

### HEROINE OF LISBON EPIDEMIC.

Mrs. Horn, a Sick-Nurse, Saved Sheriff's Daughter and All Typhoid Patients—She Relied on Paine's Celery Compound.

By Mrs. F. M. HORN

As my parents died when I was very small, I had to commence working hard when I was a mere child.

I would get all run down and would have had to give up completely were it not for Paine's Celery Compound. But that has always been my standby.

I always rely upon it to strengthen and build me up again and keep me well. About my experience in the Lisbon typhoid epidemic: Before my marriage I was a sick-nurse. There is no hospital in this county, and the poor and homeless have to be taken in and cared for by any one who can do it at county expense.

It was after my marriage that the epidemic of typhoid fever broke out in its worst form. I took in patients, cared for them, and meanwhile did all my own house work except washing.

I never lost a patient, and I had some of the worst cases in town.

Our sheriff gives me the credit of saving his daughter's life after doctor had given up hope, but I relied on Paine's Celery Compound.

When my last patient was well I was almost a skeleton, but I took several bottles of Paine's Celery Compound, and it kept me up and built me up.

Six months later I had a nice, plump baby with not more than three hours' severe suffering. My neighbors and I believe that Paine's Celery Compound saved my baby and me.

When nine months old baby weighed 24 pounds, and at one year 27 pounds. Then the place where we were living was sold and we had to move. It meant leaving our garden, which we all planted—and we were depending on it for food.

So we built and moved into our own house, unfinished as it was.

I did all my housework—took care of a teething baby and lathered the whole house myself, 4000 laths, as my husband's health was very bad and he was earning for us and building the house at the same time.

It was a mile back to my garden, but I DID ALL THE GARDEN WORK—except the digging of winter vegetables.

I always carried my baby with me. It was a trying season, but, as usual, Paine's Celery Compound was my support.

I was nervous from hard work and all broken down after the typhoid fever epidemic. Sometimes I thought I would go insane. But Paine's Celery Compound saved me. MRS. F. M. HORN.

Lisbon, North Dakota, Nov. 20, 1903. P. S.—Nine years ago when a young girl I first used Paine's Celery Compound for dyspepsia. For the past five or six years I have not had the slightest signs of dyspepsia.

"THAT GOOD AND WONDERFUL MEDICINE."

Paine's Celery Compound Cured the Chronic Nervous Headache Which Had Been the Bane of Her Life

Albany, N. Y., Jan. 21, 1903. "Nervous headaches have been the bane of my life. I have spent hundreds of dollars trying for their cure, and while some medicines would help me for a time, the cure was not permanent, and in a short time I was as bad as ever. "Could not sleep at nights for weeks at a time, and was so thoroughly exhausted during the day that I could not attend to my work nor take proper care of my children.

"I was discouraged with life, when my husband insisted upon my trying Paine's Celery Compound.

"Thanks to that good and wonderful medicine, within a short time I was on the road to recovery, and after taking a dozen bottles, am completely cured."

WAS RUN DOWN, NERVOUS, DYSPEPTIC.

"My nerves are as tranquil as any one's nerves should be. I am strong and ready for work, and I have gained 20 pounds in weight. It is certainly a great remedy. MRS. W. FARR. "135 Grand St., Albany, N. Y."

"IT WAS ALMOST LIKE MAGIC."

Dyspepsia was Cured So Quickly by Paine's Celery Compound.

"I was troubled with dyspepsia and stomach trouble for seven years, and took numerous medicines which were recommended to me. Also took treatment of several doctors. Have never found anything that seemed to do me any real good until I took Paine's Celery Compound.

"I bought and took six bottles, and my troubles entirely disappeared.

"All of my friends noticed the great, rapid improvement.

"It was almost like magic. I have taken but very little since, have good appetite and am generally healthy."

MRS. NELLIE SANDERS, 701 So. 16th St., Omaha, Neb., Sept. 30, 1903.

"LIFE IS NOW WORTH LIVING."

"Paine's Celery Compound Has Cured Me of Nervous Prostration, Faintness and Sleeplessness"

Newark, N. J., Dec. 26th, 1903.—"I cannot too highly recommend Paine's Celery Compound. It has cured me of nervous prostration, faintness and sleeplessness, from which I suffered for the last three years. I feel now that life is worth living."

## STRENUOUS GOSPEL

FIGHT STARTED IN CHURCH AND THE PREACHER TOOK A HAND.

Huntington, W. Va., Feb. 24.—Rev. Howard Engle of the United Baptist denomination, while delivering a sermon at Harveysboro, took occasion to touch on the impurity of politics now on in the light between Congressman Hughes and Hitt for the congressional nomination.

Some of his members in the center of the sanctuary, who had taken a prominent part in the recent conventions to name delegates, began discussing the merits of the two in an undertone among themselves, and, as a result, inside of two minutes a fist fight was in progress, participated in by five or six people. Parson Engle pressed forward to the scene of conflict, and so excited did he become that he engaged in the melee and with his big, brawny right arm knocked down three or four men.

Physicians were necessary to close the gaping wounds of some of the participants. All interested, the parson included, will appear before a magistrate in this city for trial tomorrow.

Mrs. Eleonora Petrelli, once a world renowned opera singer, died in poverty in Chicago.

POLICE COURT

Young Man Dismissed on a Charge of Forgery Today.

Only a Few Fines Were Assessed by Judge Sanders This Morning.

L. Parke, formerly of Paducah, was this morning dismissed on a charge of forgery in Judge Sanders' court. It seems that Parke, who lives in Murray, and a young man named Hale, from the same place, came to Paducah together several days ago and Hale drew a check payable to Parke for \$25. It was cashed at the Palmer House bar, and the bank at Murray sent it back, saying that it was a forgery, that Hale did not sign it. The warrant was then issued, but Hale came in last night and explained to the court this morning that the bank was mistaken, as he did sign it, and the warrant against his friend was then dismissed.  
Ross Pondexter was released on a \$200 recognizance to answer for a shooting without wounding. He shot at a negro named Perry and claimed that Perry drew a pistol first, which Perry denied. No proof was on hand and the defendant was let out without bond. The judgment against him for carrying a pistol concealed was reduced to \$25 and the jail sentence to ten days.  
Osborne Drake was fined \$20 and costs for striking a woman.  
Lloyd Vinegar was fined \$20 and costs for throwing a stone that broke a glass.  
E. F. Green got \$1 for a plain drunk.

CAPT. CLARK STILL IMPROVES.

Captain W. C. Clark was slightly stronger today than at any time since his illness. He is not regarded as out of danger yet, however. The swelling from erysipelas, has gone from his face to a considerable extent, but the back of his head is now affected from it.

INSPECTING FREIGHT TRAFFIC.

Trainmaster Henry Scheuing went out on the road this morning to oversee the running of freight trains. Mr. Scheuing is working hard straightening out the division and has been well rewarded in his efforts.

Mrs. Carrie Johnson is ill from grippe, but is improving.

SURPRISE YOU?

PARALYSIS CAUSED BY COFFEE ALONE.

Coffee alone frequently causes paralysis as a young woman of Mr. Vernon, Ill., proves.  
"A few years ago my mother suffered a severe attack of paralysis on the left side. She was for several weeks helpless and almost speechless. We did not know at that time exactly what caused the attack but we did know she had always been a coffee drinker and, that after the attack, leaving off coffee entirely and using Postum instead she rapidly gained in flesh and general healthfulness and it was not long before all traces of paralysis passed away and she is again strong and healthy.  
"There appears to be no doubt that this was a case of 'coffee paralysis' cured by leaving off coffee and using Postum in its place.  
"I also was a coffee drinker subject to headaches and a general tired, worn out feeling most of the time until Postum came to my notice. Quitting the coffee and drinking Postum banished the troubles in a short time and now unless I return to coffee I never suffer the headaches and my general health is excellent.  
"At first we didn't like Postum because we did not make it right, but now I make it just according to directions, boiling it full 15 minutes, and in this way it gives satisfaction always and is praised by everyone who tries it." Name given by Postum Co., Battle Creek, Mich.  
Paralysis sometimes comes from deficient blood and lack of nervous force. Coffee directly attacks the heart and nerves. Taking away the cause coffee (and putting the re-builder Postum) at work, effects the cure.  
Ten days trial of Postum in place of coffee works wonders in some cases and helps all.

AUDIENCE WITH POPE.

Mr. Thomas C. Leech has received information of a great honor just conferred on his wife, who is touring Europe. Friday afternoon she had an audience with the Pope, at Rome, lasting forty minutes, and needless to say this beautiful and accomplished Paducahan made a good impression on his Holiness. Mrs. Leech met on her way over an English nobleman who has known the Pope for many years, and who gave her a personal letter to him. Mrs. Leech was granted the audience Friday, and owing to her speaking French had no difficulty in understanding and being understood. Mrs. Leech goes now into Central Europe, where she meets Misses Martha Leech and Louis Cox.

New Discovery by Which All Can Now Easily Cure Themselves at Home—Does Away With Surgical Operations—Positively Cures Bright's Disease and Worst Cases of Rheumatism—Thousands Already Cured—Note Endorsements

Special Treatment and 61 Page Book FREE

At last there is a scientific way to cure yourself of any kidney, bladder or rheumatic disease in a very short time in your own home and without the expense of doctors, drugs or surgeons. The credit belongs to Dr. Edwin T. Hook, a noted French-American physician and scientist, who has made a life-long study of these diseases and is now

None can say they are incurable until they have tried my discovery. The test is free.

in sole possession of certain ingredients which have all long been needed and without which cures were impossible. The doctor seems justified in his strong statements as the treatment has been thoroughly investigated besides being tried in hospitals, sanitariums, etc., and has been found to be all that is claimed for it. It contains nothing harmful but nevertheless the highest authorities say it will positively cure Bright's disease, diabetes, dropsy, gravel, weak back, stone in the bladder, bloated bladder, frequent desire to urinate, albumenuria, sugar in the urine, pains in the back, legs, sides and over the kidneys, swelling of the feet and ankles, retention of urine, scalding, getting up at night, pain in the bladder, wetting the bed and such rheumatic affections as chronic, muscular or inflammatory rheumatism, sciatica, rheumatic neuralgia, lumbago, gout, etc., which are now known to be due entirely to uric acid poison in the kidneys, in short, every form of kidney, bladder or urinary trouble in man, woman or child.

That the ingredients will do all this is the opinion of such authorities as Dr. Wills, of Guy's Hospital, London; the editors of the United States Dispensary and the American Pharmacopoeia, both official works; Dr. H. C. Wood, member of the National Academy of Science and a long list of others who speak of it in the highest terms. But all this and more is explained in a 61-page illustrated book which sets forth the doctor's original views and goes deeply into the subject of kidney, bladder and rheumatic diseases. He wants you to have this book as well as a trial treatment of his discovery, and you can get them entirely free, without stamps or money, by addressing the Turlock Medical Co., 941 Yarnock Building, Chicago, Ill., and as thousands have already been cured there is every reason to believe it will cure you if only you will be thoughtful enough to send for the free trial and book. Write the first spare moment you have and soon you will be cured.

It would seem that any reader so afflicted should write the company at once since no money is involved and the inducements are from such a high and trustworthy source.

## THE STROLLERS

And Stauw's story about the death of his companion as Saint-Proper watched them disappearing in the throng of dancers. It was Celestina's first ball, and after her long training at the Casino she danced bravely. Something like a pang shot through the soldier's breast as he followed the pair with his gaze. He seemed to have found a world of youth and pleasure, passed beyond reach.

"It is useless to deny it! I knew you when I first saw you!" exclaimed a familiar voice near by, and turning around sharply, the officer observed approaching a masked lady, graceful of figure and looking nothing in the mannered strength of her escort. It was to her that those words were addressed by an agile man of medium stature who had apparently penetrated her defenses. The lady, who would have attracted attention anywhere by her bearing, wore a paragon of white gown, fitting close and hand-mold with a silver band, the sleeves short, the skirt of white gauze and very much as the fashion of the day required, the feet shod in small white silk buttoned, the hair in bands, ornamented with wild peeples. Altogether this costume was described by Flaminia as "ravishing, the gown adorning the lady and the lady the gown, her graces set forth against the sheen of voluminous satin folds, like those of some portrait by Sir Joshua or Raphael."

"How could you expect any one not to know you?" continued the speaker as this little exclamation drew near, their masks a pretext for mystery. "You may be hypersensitive, but you cannot deceive."

"That is a poor compliment, since you take me for an actress," laughed the lady. A hilarious outburst from

the throng of dancers, and the soldier, who had been looking at the pair with his gaze, followed them into a world of youth and pleasure, passed beyond reach.

THE total number of collisions and derailments was 3,063, 1,765 collisions and 1,298 derailments, of which 251 collisions and 140 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounted to \$2,170,375. This bulletin shows for the first time, a separation of trainmen from trainmen in yards.

## PAINFUL FALL

DR. D. J. FOSTER HURT YESTERDAY AFTERNOON.

Dr. D. J. Foster, the well-known physician, met with a serious accident at the residence of Mrs. Atchison, on South Fourth street between Harrison and Madison yesterday afternoon late, and the doctors fear his hip may be fractured.

Dr. Foster has been called to Mrs. Atchison's on professional business and tripped over a piece of gas pipe projecting above the ground. He fell to the ground and in alighting injured a hip, rendering him powerless to rise.

He was picked up and carried into the house and Dr. C. R. Light of and Dr. J. T. Reddick were summoned. The injured physician was then carried to his home on Jefferson street where a closer examination was made, but the doctors cannot at present determine whether the hip was fractured or badly wrenched.

## NEW WIRES

BEING STRUNG BY POSTAL TO CENTRAL CITY.

The linemen employed by the Postal Telegraph company are putting up a new wire between Paducah and Central City for the use of the I. C. train dispatchers.

The wire now in use is very weak and a new wire has been needed for some time.

The linemen have reached Claxton, 49 miles above Paducah, and will have the wire strung in a short time. New poles are being put up where needed, and the wires repaired at various places. The climate in this part of the state is hard on a wire and wears them out very easily.

## HEALTH.

Means the ability to do a good day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Sold by De Boie, Kolb & company, Paducah, Ky.

## HIS TRUSTING NATURE.

"That there city nephew of mine," observed Uncle Jerry Peabody, "is about the most innocent feller, I reckon, that ever was. He took me out to dinner one day and ordered what he called 'sweetbreads.' Well, sir, the waiter brought him some kind of meat, and by George, he didn't seem to notice the difference!"—Chicago Tribune.

"James Martin," a murderer hanged at Butte, Mont., refused to the last, through regard for his father and sister, to reveal his identity.

## MANY MISHAPS

RAILROAD COMMISSION ISSUES REPORT FOR QUARTER.

Accident bullet No. 9, which has just been issued by the interstate commerce commission, gives an account of railroad accidents that occurred in the United States during the month of July, August and September, 1902, and shows that during this quarter there were 60 passengers and 220 employees killed and 1,668 passengers and 1,914 employees injured, making in all 280 persons killed and 3,582 injured in train accidents. Other accidents to employees and passengers, not the result of train accidents, bring the total number of casualties up to 15,187, having 109 passengers and 915 employees killed and 2,688 passengers and 11,171 employees injured.

The total number of persons killed during this quarter shows an increase of 181, and the number killed in train accidents 250, as against 230, also shows an increase of 50 over the number reported killed in the preceding bulletin. The number of employees killed in coupling and uncoupling cars was 70, being an increase of 8 over those reported in the preceding three months.

The total number of collisions and derailments was 3,063, 1,765 collisions and 1,298 derailments, of which 251 collisions and 140 derailments affected passenger trains. The damage to cars, engines and roadway by these accidents amounted to \$2,170,375. This bulletin shows for the first time, a separation of trainmen from trainmen in yards.

## NEWS OF THE RIVERS.

Observations taken at 7 a. m. River 14.5 on the gauge, a fall of 0.1 in the last 24 hours. Weather cloudy and warm. Temperature 16 with southeast winds.

J. A. FOWLER,  
Local Observer.

The Butte left at noon for Nashville.

The Penguin went to Joppa today with ties.

The Hopkins left at 10 o'clock from Evansville.

The Joe Fowler is due from Evansville tomorrow.

The Charleston has returned into Tennessee river.

The Charles Turner went to Caseyville for coal today.

The Dick Clyde went into Tennessee river this morning.

The Margaret went into Tennessee river this morning.

The Russell Lord is due Friday from Tennessee river.

The Nevins has gone to Memphis again with a tow of coal.

The City of Memphis will go out at 6 o'clock tonight for Tennessee river.

The Ten Breck is due in from Joppa tonight where she carried a tow of ties.

Capt. S. A. Fowler left today for Cairo on business, and will return tonight.

The Summers came out of Tennessee river also high and today went to Joppa with her ties.

The Heatherington came out of Tennessee river last night and will go to Joppa today to unload.

The Hook and Wilford are due up from Joppa today preparatory to going into Tennessee river after ties.

The Mary Hill, a ferry boat from Ashland City, which has been laying up here, went to that city this morning.

The Barrett went to Cincinnati this morning. En route up she tore up a boom at the Paducah Basket factory levee and let several logs loose. The logs were recovered.

Captain Edwin A. Sheble, aged 84, died at his home in St. Louis. He was formerly of Louisville, and his early life on the river was spent on the Wabash, where he rose to the position of commander of a vessel. He married Miss Elizabeth McCormick of Covington, Ind., who, with one daughter, survives him. From 1863 to 1865 Captain Sheble conveyed troops and supplies to the union army. He was with General Grant at the surrender of Vicksburg. In the early 60s he and David Gibson of Cincinnati, O., were in the steamboat building business at Louisville. His partner at that time controlled five river liners valued at \$750,000. Captain Sheble reorganized the Peoria packet line in 1876 and operated it for several years. He resigned to become general passenger and freight agent of the Rockford, Rock Island and St. Louis Railway company. He built and commanded 24 boats during his river career, the last being the City of Alton.

## GANG REDUCED

STREET CAR COMPANY HAS ITS TRACKS IN GOOD SHAPE AT PRESENT.

The street car company this morning reduced its track force from about twenty to four men. The reason is that about all the work necessary has been done. The tracks have been repaired and leveled, and new switches built in several places. As soon as summer comes it may be necessary to do other work, but it will probably be several months before extra men are needed.

## FOUND PART OF IT.

Representative Reeder, of Kansas, is a great joker. He saw a five cent piece on the floor of a Pennsylvania avenue car while he was on his way down from the capitol, picked the nickel up and said: "Is there anybody in the car who has lost a \$10 gold piece?"

Ten people, white and black, promptly said in a chorus: "I did."

"All right," said Reeder, as he slid for the door. "I just found a nickel of it. I don't know where the other \$9.95 went."—New York World.

### GOOD CONDITION

THE FREIGHT TRAFFIC IS NOW WELL HANDLED OUT OF PADUCAH.

The local I. C. yards have never been in better condition than at present. General Yardmaster McMahon has worked diligently straightening out the yards, and handles all loads straight through, leaving the yards clear of all accumulated freight. Since the installation of Yardmaster Byers Robertson in the shop yards, the trains have been getting out on better time, the yard men working under less difficulties and everything pertaining to this work bettered.

#### NEWS NOTES.

An engineer and fireman on the Philadelphia and Erie railroad were instantly killed by the explosion of their locomotive.

#### CHEAP RATES

To all points in Montana, Washington, Oregon and British Columbia, March 1 to April 30, 1904. Special rates to North Dakota in March. Write at once for information and maps, to Ira F. Schwegel, district passenger agent, Wisconsin Central railway, 407 Traction Building, Cincinnati, Ohio.

#### SETTLEMENT SUIT FILED.

Attorney J. M. Worten this morning filed a settlement suit for W. W. Spence, administrator of W. P. Rudd, deceased, against Mary Ann Rudd. The suit was brought to ratify private sale of property and to effect an equal distribution of the proceeds.

#### BRAKEMAN HURT.

Uniontown, Ky., Feb. 24.—John Hite, a brakeman on an I. C. train, attempting to get on a box car while the train was in motion, hit a post and was badly crushed. He is unmarried and lives at Marion, Ind.

HARTFORD, KY., Dec. 15, 1903.

NATIONAL TOILET CO., PARIS, TENN

Gentlemen:—It affords me great pleasure to state, regarding your SATINOLA, that my face was spotted very badly. I had tried other remedies, and all seemed to bring out the splotches plainer. When your Miss Ray told me about SATINOLA I had but little faith in it, but used two boxes, just as directed, and now haven't a splotch on my face, and have a splendid complexion. So many ask me what has given me such a good color. I cannot praise Satinola enough, and would not take anything for what it has done for me. Very truly, Mrs. I. B. FOSTER.

### PULLED HIS GUN

BROKEN UMBRELLA CAUSES TRAINMEN TO QUAKE.

Some little excitement was occasioned in the train dispatching offices of the local I. C. last night when a stray umbrella came blowing into the hallway and nearly frightened a caller and colored brakeman into fits.

The umbrella had been discarded by the owner because of a broken handle, and had been left in the hallway leading into the dispatchers' room. The front door of the hall was left open and the umbrella was blown open by a gust of wind and sent gently spinning down the hallway directly towards the caller and brakeman, who were coming out of the dispatchers' office. The hail was dark and the men could not make out what the thing was but the caller, frightened nearly into hysterics, pulled his gun and started to fire, but discovered the cause of his fright in time to prevent further excitement.

The train dispatchers had a good laugh at the expense of the frightened trainmen and the umbrella and stowed it away as a souvenir.

### MANY INCREASES

RAILROAD EARNINGS SHOW A HEALTHY GROWTH.

The gross earnings of forty-two roads for the first week of February were \$6,847,652, against \$7,152,191 for the first week of February, 1903, a decrease of \$304,539. Nineteen roads show increases and twenty three decreases. Since July 1, the roads referred to above earned \$262,101,795, an increase of \$16,729,720 over the \$245,372,075 reported for the corresponding period last year. For the longer period thirty-five roads show increases and seven decreases.

For the second week of February twenty roads earned \$3,846,122, a decrease of \$14,689 over the \$3,860,811 reported for the second week of February, 1903. Eleven roads show increases and nine decreases.

Many a man gets the best of a fight because he hasn't the nerve to run away.
